

CommercialEdge

COMMERCIALEDGE FOR BROKERAGES

Grow your business
with the most dynamic
real estate brokerage
software

Accelerate deal cycles with real-time pipeline overviews and streamline your back-office operations – including complex commission disbursements – with a complete solution tailored to the needs of your commercial real estate brokerage.

ELEVATE YOUR MARKETING

Automate listing management, generate stand-out marketing collateral and syndicate to top CRE marketplaces and your custom websites.

ACCELERATE DEAL PIPELINES

Fast-track your dealmaking process with customized automation, real-time pipeline information and a complete suite of deal metrics.

SIMPLIFY COMMISSION PAYMENTS

Streamline the deal process end-to-end with powerful reporting, synchronized analytics and simplified commission payments – regardless of tier complexity.

FEATURES

COMMERCIALEDGE FOR BROKERAGES

SLEEK & SIMPLE MARKETING

Input your data once and power all your marketing from a single source. Simplify listing management, automate syndication and showcase your brand with optimized listing sites, email templates and brochures that auto-populate with real-time property data.

BETTER & FASTER DEALS

Make stronger decisions with comprehensive reports, instant comparisons and intuitive workflows. Centralize all your prospecting, transaction data, deal visualization and pipeline management in one connected solution.

STREAMLINED BACK-OFFICE

Simplify and centralize all back-office operations with automated workflows, including automatic commission disbursement. Stay up to date on all performance metrics with powerful reporting and real-time analytics.

POWERFUL MARKET INTELLIGENCE

Get instant local market insights from recently signed deals, prospect effortlessly across markets and asset types and present your research in branded reports and digital tourbooks. Stay ahead of the competition with automated competitive sets.

TAP INTO THE YARDI UNIVERSE OF OWNERS & CONNECTED CRE SOLUTIONS

CommercialEdge benefits from seamless communication and interconnectedness with established Yardi solutions such as Voyager, Breeze, Forecast Manager and more, for simplified operations and faster deal timelines.
